Dealer notes

This 2011 Chevrolet Express G2500 3/4-ton commercial cargo van is exceptionally clean, rust-free, and was corporately owned and properly maintained throughout its life. It features excellent tires and an interior that shows extremely light use. Just take a look at the cabinets and shelving along both the left- and right-hand sides, along with the safety divider. Everything reflects just how well this van was cared for. Additional equipment includes safety screens over the windows, a ladder and material rack with beacon light, and a center console with convenient charging ports. Even the headliner is exceptionally clean and smoke-free! This is an incredibly well-kept commercial van with a history of proper maintenance and upkeep. It\'s getting harder and harder to find these work vans in this kind of condition, especially ones that haven\'t simply been purchased and neglected over the years. We maintain a great selection of commercial vehicles in a variety of years, sizes, and mileage ranges, including enclosed and open utility trucks, gas and diesel bucket trucks, crane trucks, box trucks, flatbeds, and wrecker tow trucks. With more than 300 vehicles and specialty units moving through our inventory at any given time, we have plenty of options for businesses and individuals looking for dependable work equipment! Price does not include $0 processing fee
