Dealer notes

1987 GMC Sierra Classic 1500 Long Bed ÿý" This truck is listed in our project section, as it was part of a restoration project that was left unfinished when the restoration company closed. We purchased a bulk group of vehicles, and this was one of them acquired in its current unfinished condition. The chassis of this truck is extremely solid and has been coated with POR-15, keeping it clean, protected, and very well preserved. It features new shocks, brand-new tires, and additional chassis upgrades including updated brake lines and more. Under the hood is the V8 TBI engine, which will start and run; however, the fuel is extremely old and stale, so it will more than likely need a tune-up and fuel system-related maintenance before being fully road-ready. The exterior paint finish has been redone, and the interior features a custom dash cover, custom diamond-stitched seat, and refinished window felts. All glass is intact, and the truck is very close to becoming a really neat finished product. Being one of the most sought-after final-year 1987 Squarebody trucks, this GMC stands out with its unique color combination, extremely solid body, and impressive undercarriage. This is a great opportunity to finish off a very cool Squarebody build. Price does not include $0 processing fee
