Dealer notes

Built to tackle the toughest jobs with uncompromising strength, the 2023 Ford F-350 XL 4WD Crew Cab 8' Box stands out as a premier heavy-duty pickup designed for serious productivity. Finished in a crisp Oxford White exterior, this Super Duty commands respect on the job site while offering the unmatched utility of an eight-foot cargo bed paired with a spacious four-door Crew Cab configuration. Whether you are hauling heavy equipment, pulling a large trailer, or transporting your team to the next project, this ultimate workhorse delivers the durability, presence, and dependability expected from Ford's legendary truck lineup. Under the hood, muscle is supplied by a robust 6.8L 8-cylinder engine engineered to provide reliable horsepower and impressive low-end torque for demanding tasks. Paired with an advanced Four Wheel Drive system, this F-350 ensures confident traction and control through mud, snow, and unpredictable off-road terrain. Severe-duty pulling power and payload performance are further maximized by an electronic-locking rear differential with a 3.73 axle ratio, allowing you to lock the rear wheels on demand for exceptional grip when navigating steep inclines or heavy-load scenarios. Inside, the cabin features a practical Medium Dark Slate interior designed for easy maintenance, comfort, and hard-working utility. Entering and exiting the elevated cabin is effortless thanks to heavy-duty platform running boards, while factory pre-installed front and rear wheel well liners add an extra layer of protection against road debris, mud, and corrosion. For added convenience on busy days, the remote start system allows you to bring the engine to life and condition the cab before you even step outside. Ready to elevate your fleet or personal capability, this 2023 Ford F-350 XL delivers the heavy-duty performance and smart features you need to get the job done right.
