Dealer notes

This Westfalia left the factory on June 2, 1970. Its production code suggests it ws picked up at the factory by its original owner, driven around Europe and then shipped to the US. We believe it spent most of its entire life in California until our client bought the vehicle and had it for a couple years in Montana. Our client has had this vehicle since 2015 and has kept a stack of history records with the vehicle everything that has been done over the years. Everything has been gone though and runs great. Some highlighed work includes new clutch in 2018, replaced all window and door seals in 2020. 4 New tires in 2021 and have just 2,000 miles on them. Body is in great condition. Everything is original except for the sink/icebox and the engine. Vehicle has been repainted in its life. Added eyebrows, the checkered interior flooring and bumper guards. The bumper guards were new old stock in the box. Comes with the magnetic peace and love signs. Priced at 23,900. We can ship all over the country for an additional fee depending on your location.
