Dealer notes

Volkswagen Bug Restored Classic. We are by no means Volkswagen experts and we will be the first to admit that but, this is one good looking car. This would make the perfect backdrop for a collection, a restaurant or anything with the cool 60\'s vibe. This bug is sporting a basket rack on the top with toolbox, Fuel can luggage, all of the chrome and stainless is still very bright, and the underneath of this car is extremely solid, the motor looks like it was put in yesterday. The interior is excellent. We have serviced it and properly gone over it for safety inspection has a couple pieces of luggage behind the backseat the front trunk area houses a few spare parts and extra extra pieces that came along with the car the tires are in excellent shape , there\'s really nothing to complain about this whatsoever there is a full length walk around video on Davis drives YouTube channel If you\'re viewing this on any platform other then davis4x4.com or davisautosales.com please go to those websites directly to view more photos and the most accurate information.
