Dealer notes

Zoom Classic Cars presents this 1965 Chevrolet Chevelle Malibu Convertible. Few classic cars combine timeless styling, open-air motoring, and genuine ownership history quite like this beautifully restored 1965 Chevrolet Chevelle Malibu Convertible. Finished in elegant Madeira Maroon over a coordinating red two-tone vinyl interior, complemented by a white manual convertible top, this exceptionally attractive Malibu presents in outstanding condition and retains the classic character that made Chevrolet's mid-size Chevelle such a success. The 1965 Chevelle was in its second model year, and the Malibu sat near the top of the regular Chevelle lineup, offering attractive trim and a more upscale interior than the entry-level models. This Malibu has a particularly appealing history as it remained with its original owner from new until 2022, when it was acquired by the current owner. A comprehensive frame-off restoration was completed in 2016, and the car continues to present as new, reflecting the quality of the restoration and the care it has received since.The professionally refinished Madeira Maroon paint remains beautiful, with a deep, rich finish that pairs wonderfully with the white convertible top and red interior. The body is rust-free, and the panels align nicely throughout. All exterior trim, badging, and chrome are present and in excellent condition, contributing to the car's crisp, well-finished appearance. The two-tone red-on-red vinyl interior is in excellent condition and provides a handsome complement to the exterior. The dashboard is particularly impressive, with no cracks and an exceptionally nice original-style appearance. The complete factory gauge cluster includes the clock, and even the dash speaker is in excellent condition. An aftermarket Custom Autosound FM radio was added during the restoration, providing modern listening convenience while retaining the car's period-correct character.Under the hood, the rebuilt 230CI/140HP inline-six resides in a beautifully painted and immaculate engine compartment. Power is delivered through the desirable three-speed manual transmission operated by the column-mounted shifter, with a 3.08:1 rear axle ratio. This traditional Chevrolet drivetrain offers a relaxed, driving experience well suited to leisurely cruising with the top down. The restoration also included replacement of both rear fenders and conversion to front disc brakes, with drum brakes retained at the rear. A front sway bar has been added, and the undercarriage is clean, solid, and nicely painted. A new fuel tank was installed as part of the car's improvements. The trunk compartment is exceptionally clean and solid, equipped with a trunk mat, full-size spare tire mounted on a factory steel wheel, and factory jack equipment. The car rides on 195/75R14 tires dating from 2020, mounted on steel wheels with factory Chevelle Malibu hubcaps in excellent condition.The white manual convertible top is in excellent condition and operates as it should. Included with the car are a matching convertible boot, a car cover as shown, and the original owner's manual. The odometer stopped working before the current owner acquired the car in 2022, and the current owner has driven it fewer than 50 miles since purchase. Accordingly, the displayed mileage should not be interpreted as

the car’s verified total mileage. Overall, this is an exceptionally attractive, rust-free, beautifully restored Malibu Convertible that runs, drives, and handles very well. Its long-term original-owner history, comprehensive frame-off restoration, striking color combination, and well-presented details make it an appealing example for the Chevrolet enthusiast seeking a classic convertible that is ready to enjoy. The car is currently stored in Massachusetts and is accompanied by a clean, transferable Maine registration in the owner’s name. This is a great opportunity to acquire a beautifully presented 1965 Chevrolet Malibu Convertible with a documented ownership story dating back to new.Call Jeff for more information or to schedule a viewing of this beautifully restored Chevelle Malibu.
