Dealer notes

This 2016 Ford F-750 Super Cab 2WD DRW with 169,000 miles, is a heavy-duty work-truck platform suited to demanding service and construction jobs, with an extended cab, dual rear wheels for added load support, and a crane-and-welder upfit that can combine lifting and on-site fabrication in one vehicle. F-750s were offered with different powertrains and chassis ratings, while crane capacity, welder type, and payload depend on the specific equipment and installation, so the truck’s build sheet is the best source for exact specifications. Overall, it’s a practical, versatile setup for crews that need to bring both lifting capability and welding equipment to the jobsite. All retail sales are subject to a $385.00 processing fee to cover temp. tags and title transfer. This F750 has been Virginia state inspected, serviced and is ready for delivery. Price does not include $385 processing fee
