Dealer notes

Is a 2006 Tahoe a Collectible ? Only if you believe it's one of the best trucks GM ever built. We do. 2006 was the final year of the GMT800 Tahoe, the generation many truck people still consider the peak: simple, tough, comfortable, and built to run forever. Clean examples are getting harder to find every year, and this is one of the best you'll see. One owner. Only 121,000 miles. Babied its whole life. Finished in Black over Tan leather, this LT 2WD has the options that matter: Sun, Sound & Entertainment Package: power sunroof, rear-seat DVD entertainment, and Bose premium 9-speaker sound with subwoofer Heated leather front buckets with power lumbar and driver memory Seating for 8: leather 60/40 middle bench and removable third row Tri-zone automatic climate control with rear controls Locking heavy-duty rear differential and 3.73 axle Heavy-duty trailering package with hitch, 7-wire harness, and auxiliary transmission cooler Vortec V8 with 4-speed automatic, StabiliTrak, side-impact airbags, OnStar, XM, and power-folding heated mirrors It's ready to tow the boat, haul the family, or just cruise Scottsdale in a truck that was built right the first time.
