Dealer notes

Offered by Supreme Motors in Costa Mesa, California, this black 2006 Porsche Boxster S pairs a naturally aspirated 3.2-liter flat-six with rear-wheel drive and a mid-engine chassis. With the engine just behind the seats, you get the balanced handling that defines the Boxster and a flat-six soundtrack that's especially rewarding with the top down. The S model's larger engine gives this second-generation roadster an extra measure of punch. This example has Southern California roots. Porsche Newport Beach performed its pre-delivery inspection, and the car was first registered in Anaheim. CARFAX lists four previous owners, 19 service history records, and no reported accidents or damage. One owner kept the car for nearly nine years, and the odometer currently reads 77,058 miles. The service history includes early maintenance at Porsche Newport Beach and a documented 60,000-mile service at Porsche Bellevue. In April 2024, at 62,518 miles, Max RPM Motorsports replaced the water pump, thermostat, cooling system hoses, alternator, and drive belts. That visit also included an oil and filter change and a brake fluid flush. This Boxster S presents in excellent condition for its age and mileage and could be the perfect first Porsche for an aspiring enthusiast. Its responsive steering, balanced chassis, and open-top driving experience make it easy to see why so many drivers fall for the Boxster. With its documented service history, it's poised to provide many more miles of happy motoring. Contact Supreme Motors to review the full CARFAX report or schedule a test drive. Shipping, Financing & Protection Plans Supreme Motors offers financing assistance for most buyers and provides nationwide shipping on a regular basis. No matter where you're located, we can deliver this Porsche Boxster S directly to your door. Comprehensive mechanical breakdown protection plans are also available at competitive rates.
