Dealer notes

This 2015 Ram 5500 rollback tow truck came from an exceptionally light-use ownership situation and is in remarkable condition for its age. Powered by the Cummins turbo diesel engine, this truck features a 19-foot steel rollback bed with a wheel-lift system and removable side rails. The Alcoa aluminum wheels are absolutely perfect and still shine like they belong on a 2026 model! The cab and interior could literally pass for new. The seats have been protected with seat covers since the truck was brand new, and the non-smoker interior reflects the care it has received throughout its life. Previously operated in a father-and-son driver situation, this truck has clearly been well cared for. Additional features include a Whelen strobe light bar, side steps, fresh tires all the way around, tinted windows, chrome front bumper and grille, and the SLT exterior and interior trim package. This is a great-looking, low-mileage rollback that is ready to put to work. It includes the towing equipment and apparatus needed to get started immediately without having to piece together the essentials. A clean, well-kept, ready-to-work Cummins rollback that is getting harder and harder to find! Price does not include $0 processing fee
