Dealer notes

If you are searching for a premium compact vehicle that seamlessly blends eco-conscious efficiency with upscale German engineering, the 2016 Audi A3 e-tron Premium Plus hatchback is an exceptional choice. This plug-in hybrid (PHEV) hatchback offers buyers a sophisticated entry into electrified driving without compromising on the luxury and sportiness associated with the Audi brand. With its versatile four-door hatchback body style, this model provides the ideal balance of everyday utility and eye-catching curb appeal, making it a standout option for daily commuters and urban adventurers alike. Under the hood, the 2016 Audi A3 e-tron features an innovative plug-in hybrid powertrain that pairs a 1.4L turbocharged 4-cylinder engine with an electric motor. This combination delivers a responsive and engaging driving experience, managed smoothly by a six-speed S tronic dual-clutch automatic transmission. Driving dynamics are further refined by its front-wheel-drive configuration, offering reliable traction and composed handling through tight city corners and on the open highway. The ability to run on pure electricity for short trips, combined with the efficient gasoline engine for longer journeys, ensures drivers enjoy remarkable versatility and reduced emissions without any range anxiety. Inside, the Premium Plus trim level elevates the driving experience with a refined cabin crafted from high-quality materials, featuring standard leather seating surfaces and dual-zone automatic climate control. Notable standard amenities on this trim include a panoramic sunroof that floods the interior with natural light, distinctive LED headlights for enhanced nighttime visibility, and keyless entry with push-button start for daily convenience. Blending advanced plug-in hybrid technology with premium comfort features, this hatchback is a smart, stylish choice for the forward-thinking driver.
