020 Toyota Corolla LE - Barely Broken In (By Toyota Standards) Price: $10,980 | Mileage: 178,306 miles | Location: Ohio Motor Group - Steubenville Let's address the elephant on the odometer: yes, this 2020 Toyota Corolla LE has 178,306 miles. In normal car years, that's a retirement party and a gold watch. In Toyota years? That's basically the end of the break-in period. We know what you're thinking: "$10,980 for 178k miles?!" Welcome to the "Toyota Tax." You aren't just buying a sleek, modern 2020 sedan-you are paying for the peace of mind that comes with a 1.8L 4-cylinder engine that refuses to quit out of pure stubbornness. While other cars are begging for mercy at 150,000 miles, a Corolla is just clearing its throat and asking where we're driving next. Why it's worth every penny: * Immortal Engineering: It's a Toyota. Change the oil occasionally, look at it nicely, and your grandkids might end up driving this to college. * Modern Style & Tech: You get the sharp, redesigned 2020 body style, Apple CarPlay/Android Auto, backup camera, and Toyota Safety Sense-all without paying $20k+. * Wallet-Friendly Commuter: Sipping gas like it's expensive wine, this 1.8L automatic is built to eat up Ohio Valley highway miles without eating your paycheck. * LE Comfort: Smooth ride, cold A/C, hot heat, and plenty of room for you, your passengers, and whatever you impulse-bought at Walmart. Stop overthinking the mileage and buy the car that laughs at odometers. Come check it ou
