Dealer notes

The 2025 Chevrolet Silverado EV e4WD Crew Cab Extended Range LT redefines what a modern full-size pickup can achieve by seamlessly combining legendary truck utility with zero-emissions electric power. Finished in a sophisticated Slate Gray Metallic exterior, this all-electric Crew Cab commands a strong presence on the road while delivering the forward-thinking styling and practical space modern truck buyers demand. Designed to excel as both a dependable workhorse and an everyday family vehicle, the Silverado EV LT offers a bold look and cutting-edge capability without compromising on traditional strength. Powered by an advanced electric motor powertrain paired with an intelligent Four Wheel Drive (e4WD) system, this Extended Range model provides instant torque and exceptional all-weather traction. Whether navigating slick highways or managing heavy loads, the e4WD system continuously optimizes power delivery to all four wheels for total driver confidence. Utility remains front and center, highlighted by the factory-installed black Chevytec spray-on bedliner that guards the truck bed against scratches, dents, and heavy wear during demanding hauling tasks. Inside the cabin, drivers and passengers are greeted by a refined Black interior featuring durable and comfortable Black Evotex seat trim. Everyday charging flexibility is made easy thanks to the included dual level charge cord, allowing for convenient power options wherever your journey takes you. Complete with the front license plate bracket mounting package and built to meet federal emissions requirements, the 2025 Chevrolet Silverado EV e4WD Crew Cab Extended Range LT represents the ideal balance of futuristic electric performance, rugged utility, and daily driver comfort.
