### Dealer notes

2017 Chevrolet 3500HD 4x4 diesel utility truck. This extremely clean, above-average commercial work truck was owned by one of our longtime local customers and was used primarily for running errands and estimates rather than heavy-duty work. This truck is far cleaner than typical. It is powered by a 6.6L Duramax turbo diesel engine paired with an Allison transmission and is a single rear wheel model equipped with an 8-foot Knapheide service body, along with a 12-foot adjustable ladder and material rack. Additional features include a bed-mounted cargo area, tinted windows, side steps, vent visors, and fitted RC custom seat covers protecting the six-passenger seating with a fold-down console. It also includes oversized floor mats, factory trailer brake controller, cruise control, floor-shift four-wheel drive, exhaust brake, traction control, OnStar, power windows, power door locks, and power mirrors. This is a very well-equipped work truck that also serves as an excellent everyday driver, still fully capable of towing, hauling, or handling daily business needs. Price does not include \$0 processing fee
