Dealer phone: 847-999-3988

Dealer notes

This 2024 Kia K5 LXS arrives with a clean CARFAX showing no accidents reported and just one owner since new, a reassuring foundation for a sedan that already punches well above its class. Under the hood sits a 1.6L turbocharged four-cylinder paired with an 8-speed automatic transmission, delivering the kind of responsive, confident power delivery that makes merging onto I-94 or running errands across the north suburbs feel genuinely effortless. The K5 has a low, athletic stance that draws a second look in the parking lot, and behind the wheel it moves with the sharp, eager character you expect from a sport-tuned sedan wearing a bold Ebony Black exterior. Slide into the black interior and the K5 LXS wraps you in a cabin that feels more polished than its segment typically offers. Dual-zone full automatic climate control means the driver and passenger each set their own temperature without debate. Smart Key with push-button start, remote start with remote climate via key fob, and a smart trunk that opens hands-free bring a level of daily convenience that genuinely changes small habits. The split-folding rear seats with center armrest keep the back seat flexible for passengers and cargo alike, and heated power-adjustable mirrors round out a package where the thoughtful details add up quickly. The 8-inch touchscreen with Apple CarPlay and Android Auto keeps you connected from the first turn of the commute, and front and rear USB ports mean nobody's phone dies on a long drive. The advanced driver-assistance suite is comprehensive: forward collision-avoidance with pedestrian detection, blind-spot collision-avoidance assist, rear cross-traffic collision-avoidance, lane keeping and lane following assist, and safe exit assist work together as a genuine safety net rather than a marketing bullet point. This K5 earned a perfect five-star overall NHTSA safety rating, an uncommon achievement at this price point, and clean one-owner examples in this condition don't linger. Stop by Carlux in Waukegan and see why this one is worth the drive from anywhere in Chicagoland.
