Dealer notes

The 2006 Toyota Matrix 2WD is a practical, front-wheel-drive hatchback with the dependable character of its Corolla roots. Its compact size makes it easy to maneuver, while the roomy cabin, fold-flat rear seats, and useful cargo area give it welcome versatility for errands, commuting, and weekend trips. Most versions have a fuel-conscious four-cylinder engine, and the Matrix is appreciated for straightforward operation and everyday value—making it a cheerful, sensible choice for drivers who want more utility than a typical small sedan. Price does not include $93 processing fee
