Dealer notes

Supreme Motors is pleased to offer this 2001 Jaguar XKR Coupe, a distinctive British grand tourer combining graceful styling, supercharged V8 performance, and the exclusivity of a genuinely limited-production model. With less than 48,500 miles driven by three reported personal owners, and no accidents or damage reported, this XKR presents an appealing opportunity for the Jaguar enthusiast or collector. The XKR occupies a special place in Jaguar's lineage. Its sweeping hood, sculpted proportions, and flowing coupe roofline recall the elegance of the legendary E-Type, while its supercharged 4.0-liter V8 delivers the effortless power expected of Jaguar's flagship performance coupe. It is a car equally suited to a winding coastal road or a relaxed weekend getaway, with a character that makes every drive feel like an occasion. Rarity is an important part of its appeal. Limora's published production table lists just 9,746 first-generation XKR coupes worldwide across the entire original production run, including 1,659 in the 2001 production year. These are worldwide figures, making the XKR Coupe an uncommon sight even when new. Today, its limited production, distinctive styling, and supercharged performance give it compelling modern classic credentials—particularly in an example with this car's low reported mileage. The accompanying CARFAX provides valuable detail about this particular Jaguar. It reports three previous owners, all classified as personal use, and 11 service history records, including multiple visits to Jaguar Land Rover Manhattan. Documented work includes oil and filter changes, coolant and brake fluid services, power steering fluid service, a transmission fluid change, and drive belt replacement. Its history traces ownership through New York and Massachusetts, followed by Florida and Montana. CARFAX reports no accidents or damage, no total-loss history, no structural damage, and no airbag deployments. It also shows no reported salvage, rebuilt, flood, or other listed title brands, and no indication of an odometer rollback. The latest mileage entry is 43,370 miles, recorded December 7, 2024. For buyers drawn to the enduring appeal of a traditional Jaguar coupe, this XKR offers an enticing combination: elegant proportions, supercharged V8 character, limited worldwide production, and a documented history with low reported mileage. It is a distinctive addition to an enthusiast's garage and a rewarding way to experience one of Jaguar's most memorable grand touring designs.
