Dealer notes

AMAZING CONDITION RUST FREE 7.3L POWERSTROKE DRW 4WD LONG BED DUALLY!! YOUTUBE VIDEO LINKED BELOW! Absolutely INCREDIBLE and very original condition truck with none of the usual major rust and corrosion issues on the frame or lower body panels. A true garage kept fair weather example that shows no signs of ever being used as a work truck or subjected to heavy bed hauling. Amazing condition paint and body with no signs of any accident repairs I could find. Super clean interior with no major wear issues. Incredible condition underbody as you can see from the detailed photos and YouTube video walkaround. No signs of painting or covered up rust issues. This truck runs and drives incredible with an upgraded large diameter exhaust from the turbo back, upgraded diesel engine tuning for amazing pulling power, and an upgraded fully built ATS transmission with larger capacity cooling fluid pan. New Firestone tires all around, all major functions in proper working order including the shift-on-the-fly 4WD system, ice cold AC, power mirrors, remote locks, power windows, etc. Super clean pickup bed with no signs of heavy hauling and no bedliner covering up damage (barely even any scratches in the bed!). Removable gooseneck hitch already installed and ready to tow (5th wheel hitch can be mounted as well). I really cannot say enough about how amazingly clean this truck is, nor how well it runs, shifts, and drives. The best example I have had in many years, and the best spec with the crew cab dually, 4WD, 8' bed, and beloved 7.3L Powerstroke. Not a better example to be found, super clean with just the right upgrades!
