Dealer notes

Built to handle the demands of your daily workflow, the 2023 GMC Savana Cargo Van RWD 2500 135" offers exceptional utility, legendary dependability, and a proven platform tailored for hard-working professionals. Finished in a clean, professional Summit White exterior, this full-size commercial van provides an ideal mobile workstation and blank canvas for your business branding. Designed around a practical 135-inch wheelbase, it strikes a perfect balance between expansive interior cargo volume and manageable maneuvering, making it an ideal choice for contractors, delivery services, and fleet managers seeking an uncompromised workhorse.Under the hood, this versatile cargo van is powered by a dependable 4.3L 6-cylinder engine that delivers the smooth power and efficiency needed for continuous commercial operation. The robust 2500 rear-wheel-drive chassis is engineered to carry substantial payloads with confidence and stability. To enhance capability on demanding work sites, loose gravel, or slippery road surfaces, this vehicle comes equipped with a heavy-duty locking rear differential, automatically transferring power to the rear wheel with the most traction to keep your business moving forward without delay.Inside, the cabin features a durable Neutral interior environment built for long days on the job. Driver comfort and operational convenience are prioritized thanks to the included Driver Convenience Package, which adds effort-reducing features like cruise control for relaxed highway travel. On cold mornings or hot afternoons, the remote vehicle starter system allows you to condition the cabin before stepping inside, while rear park assist adds crucial awareness when backing up into tight loading zones or parking spaces. Work-ready and strategically equipped, this 2023 GMC Savana Cargo Van RWD 2500 is ready to serve as the backbone of your daily business operations.
