Combining exhilarating turbocharged performance with everyday practicality, refined German engineering, and advanced all-wheel-drive technology, the Golf R delivers an exceptional balance of performance, comfort, and versatility. Under the hood sits Volkswagen's renowned 2.0-liter turbocharged TSI four-cylinder engine producing 288 factory horsepower and 280 lb-ft of torque, paired with a lightning-fast 7-speed DSG dual-clutch transmission and Volkswagen's 4MOTION all-wheel-drive system.
