Dealer notes

The 2022 Mazda CX-30 2.5 S Preferred AWD arrives with no accidents reported on CARFAX and a documented service history, and it shows up in Soul Red Crystal Metallic, which is less a color and more a declaration that you stopped settling for ordinary the moment you started shopping. The Skyactiv-G 2.5L DOHC four-cylinder with G-Vectoring Control Plus and i-Activ AWD doesn't just distribute power to the wheels that need it; it continuously adjusts torque through every corner to sharpen the line you're driving, which means this CX-30 feels more like a sport sedan than a crossover from the very first turn. You're the type who noticed the difference immediately, and that's exactly who Mazda built this for. Settle into the black leatherette interior and the Preferred Package delivers the kind of daily refinement that makes you wonder why you'd ever accept less. A power sliding glass moonroof, heated front seats, a power driver seat with lumbar support and two-position memory, illuminated vanity mirrors, dual-zone automatic climate control with rear vents, a leather-wrapped steering wheel and shift knob, Mazda Advanced Keyless Entry with push-button start, and an overhead console with sunglass holder create a cabin that rewards every commute and every weekend run equally. Side mirrors with tilt-in-reverse and memory positioning, rear privacy glass, roof rails, a black rear roof spoiler, and 18-inch alloy wheels with LED headlights and taillights carry that same intentional refinement to every exterior detail. The 8.8-inch color center display with Android Auto, Apple CarPlay, HD Radio, Bluetooth hands-free audio, and two USB inputs keeps every drive connected, while Mazda Radar Cruise Control with Stop and Go, Smart Brake Support with pedestrian detection, blind spot monitoring, rear cross-traffic alert, lane departure warning, lane keep assist, driver attention alert, and rain-sensing wipers form a safety net that works quietly so you can focus on the road ahead. A documented-service CX-30 Preferred AWD in Soul Red Crystal, with this equipment and a clean accident history, is a harder combination to find than the market suggests. Come see it at Carlux in Waukegan and discover what sets this one apart from anything else in Chicagoland at this price.
