### Dealer notes

1991 Mercury Grand Marquis This is a Classic 1991 Mercury Grand Marquis LS powered by a Ford 5.0L V8 putting out 150 hp @ 3,200 rpm. It's the same V8 motor used in Mustang, Explorer, F150, Lincoln Town Car and a variety of other Ford Mercury Lincoln vehicles from 1968-2001 - and it's a workhorse motor. This car was locally owned here in Central Virginia and was well-maintained in good driving condition, with a very clean interior. It's a very nice full-size car that looks, rides and handles great. You'll glide down the highway in comfort as full-sized American cars used to provide. Typical of older used cars, we had some work to do. We installed a new battery, new radiator, thermostat, serpentine belt, window motors, air filter, door lock actuators, and a new Virginia State Inspection. Car Castle RVA is located a couple of miles north of Richmond, Virginia at 7300 Brook Rd (US Rte 1), Richmond, Va 23227. We're just a mile off I95 and I295. We are open 10:30-5:30 weekdays, and 10:30-3 Saturdays. We accept cash, cashier check and debit, and a 6 Month Powertrain Limited Warranty is INCLUDED. If you need financing, I suggest talking to your credit union or bank, or give Lendmark Financial Services a call at (804)277-4770 and see if they can approve you over the phone. I look forward to hearing from you soon. Give us a call at Car Castle RVA to schedule your test drive and check out this cool classic car in person. (804)562-8586. We look forward to hearing from you soon! Price does not include \$299 processing fee
