Dealer notes

2022 Vantage E active lithium-ion Crew Cab electric truck. We currently have two of these units available with extremely low mileage. These units actually impressed us tremendously, especially having air-conditioning, heat power steering, and so many other features. The condition absolutely could pass for New. They do have a protective coated bed, which has fold-down sides and a drop-down tailgate approximately 5 feet. The rear seat still has the protective coating from the new large touchscreen stereo entertainment system, color, rearview camera, comfortable seating for a grown full-size adult to drive and or ride in upgraded charging system, mileage distance capacity, and includes proper 30 amp charging cord. These things are incredible, and we can deliver them anywhere. Excellent for a maintenance vehicle for an apartment. These things are incredible, and we can deliver them anywhere. Excellent for a maintenance vehicle for an apartment complex, corporation plant, factory, or any sort of area that needs a pick up truck and or personnel moving needs, 4 Passenger crew cab truck, fold down bedsides for versatility, plenty of range for your long day, and options to suit any job you need to get done. 72 Volt System Curtis Controller 40 hp Motor 500 W DC/DC Converter Maximum Speed: 25 mph Digital Instrument Cluster Price does not include \$0 processing fee
