Dealer notes

The 2004 Chevrolet Corvette Coupe is a true American sports car that delivers strong V8 performance, timeless styling, and an engaging rear-wheel drive driving experience. Powered by a 5.7-liter V8 engine producing 350 horsepower and 360 lb-ft of torque, this Corvette offers quick acceleration, confident passing power, and the responsive performance enthusiasts expect from the Corvette name. Paired with an automatic transmission and rear-wheel drive, it provides a balanced combination of everyday drivability and sports car excitement. With 105,684 miles, this Corvette continues to offer the performance and unmistakable character that have made the C5 generation so popular. The sleek two-door coupe design gives the Corvette a low, aggressive stance that still looks sharp today, while the cabin keeps the focus on the driver. Its lightweight sports car layout, strong V8 power, and distinctive styling make it equally enjoyable for weekend drives, highway cruising, or simply owning a classic piece of Chevrolet performance history. Combining LS1 V8 power, rear-wheel drive dynamics, and iconic Corvette styling, the 2004 Chevrolet Corvette Coupe is an appealing choice for anyone looking for an exciting and recognizable American sports car.
