Dealer notes

Chevrolet Express 3500 mini shuttle van/bus. This Blue Bird bus/van is extremely well equipped for 14 passengers and includes seatbelts along with the very hard-to-find fold-down child seat restraints built into each seat (as seen in photos). It features a rear carrier heat and air-conditioning system, multiple emergency exits, and a school bus-style side door. This is a very low-mileage unit with dual rear tires recently replaced and equipped with blind-spot emergency mirrors. It is a ready-to-use vehicle, perfect for any after-school program, church, daycare, or shuttle service needs. Vehicles under 15 passengers typically do not require special licensing or registration. We get these in from time to time, and mileage can vary—this is among the lowest we typically see. We currently have several available and going through our service process, so feel free to reach out if you are considering multiple bus/van purchases. This unit has the typical nicks, dings, and scratches expected of a vehicle of this age, but all mechanical features check out well. Price does not include \$0 processing fee
