Dealer notes

1949 Chevrolet Styleline Sedan Delivery finished in black with a black interior. The exterior is completely done, with areas in the interior needing work as they have not been finished 100% yet. The headlight housings are customized, and the grille is changed over to the 1951 Chevy style. Under the hood is an SBC 350 CID V8 paired with a TH400 transmission. Inside, the dash is changed to the 1951 style while adding a tach, engine temp, and oil pressure gauge. Other upgrades include black bucket seats shaved rear door handle with an electronic door popper, and a wood subfloor added in the back, with a spot for spare and storage. It starts up with no issue and cruises nicely on the road. The overall fit and finish of this build are great. Very little is needed to finish this vehicle up, so you can enjoy it now as-is or take it to the next level.
