Dealer notes

The 2021 Nissan Rogue S AWD arrives with no accidents reported on CARFAX, one owner since new, and a documented service history, the kind of clean background that lets you stop worrying about the past and start enjoying the drive. The 2.5L DOHC four-cylinder with Xtronic CVT and paddle shifters channels power through Nissan's Intelligent All-Wheel Drive with a Drive Mode dial and terrain modes, which means when a Chicago winter throws its worst at you, this Rogue just goes, and you stop rearranging your week around the forecast. Finished in Gun Metallic with LED headlights, LED daytime running lights, a rear spoiler, and rear privacy glass, this one carries the redesigned Rogue's sharp, confident stance well. Settle into the cabin and the Rogue S proves that the base trim gives up far less than you would expect. The 6-way driver seat, dual zones of comfort handled through the climate system, an 8-inch color touchscreen, power windows with driver auto up and down, and a 60/40 split folding and reclining second-row seat make daily life genuinely easier, whether you are hauling kids, cargo, or both. Second-row air vents keep everyone comfortable, and the reclining rear seat is the kind of thoughtful touch that turns a long highway stretch into something passengers actually appreciate. Practical where it counts, easy to live with every single day. NissanConnect with an 8-inch touchscreen brings Apple CarPlay, Android Auto, and SiriusXM into every trip, so your phone and your playlist are always one tap away. On the safety side, this Rogue comes loaded: automatic emergency braking with pedestrian detection, blind spot warning, rear cross-traffic alert, lane departure warning, high beam assist, intelligent forward collision warning, and a rear sonar system all work quietly in the background to protect what matters. A one-owner Rogue S with AWD, full service history, and Nissan's proven track record for dependability is a harder find than the market makes it look. Come see it at Carlux in Waukegan and discover how easy the drive feels across Chicagoland.
