Dealer notes

STATE CERTIFIED REBUILT TITLE – 2021 Dodge Charger SRT Hellcat Redeye Widebody – ONLY 10,665 Miles – California Vehicle – 797 HP – Pitch Black This 2021 Dodge Charger SRT Hellcat Redeye Widebody RWD is an exceptionally low-mileage example with only 10,665 miles. Finished in sinister Pitch Black Clearcoat with Dual Carbon Stripes over a Black interior, this Redeye has exactly the aggressive appearance you'd expect from one of Dodge's most extreme production sedans. Under the hood is the legendary 6.2L supercharged HEMI V8, producing an incredible 797 horsepower. This example is also loaded with desirable equipment, including the Carbon/Suede Interior Package, harman/kardon Audio Group, Navigation & Travel Group, and the factory Widebody setup. Vehicle History & Condition This Charger carries a State Certified Rebuilt Title following previous driver-side damage. Only 10,665 Miles California Vehicle Driver-Side Damage History Repaired, Inspected & State Certified The previous damage has been repaired, and the vehicle has completed the required inspection and state certification process. Its history is fully disclosed and reflected in the selling price. Why This Hellcat Redeye Stands Out The Redeye sits in an entirely different category from a standard Charger R/T or Scat Pack. Even compared with the regular Hellcat, the Redeye receives a significantly more powerful version of Dodge's supercharged HEMI. With 797 horsepower and 707 lb-ft of torque, four-door practicality, factory Widebody bodywork, massive performance tires, and unmistakable supercharged V8 character, this is one of the most outrageous performance sedans Dodge ever produced. Finding one with only 10,665 miles makes this example especially appealing. Vehicle Overview 6.2L Supercharged HEMI V8 797 Horsepower 707 lb-ft of Torque 8-Speed Automatic Transmission Rear-Wheel Drive SRT Hellcat Redeye Factory Widebody Pitch Black Clearcoat Dual Carbon Stripes Black Interior Quick Order Package 2BZ SRT Hellcat Redeye Performance The Redeye powertrain is the centerpiece of this Charger. High-Output 6.2L Supercharged HEMI V8 Performance-Tuned 8-Speed Automatic SRT Drive Modes Launch Control Line Lock Performance Pages High-Performance Braking System Adaptive Performance Suspension Electronic Limited-Slip Differential Widebody Performance Tires Performance-Tuned Steering The Widebody configuration isn't simply cosmetic. Its wider stance allows substantially wider wheels and tires, helping put the Redeye's enormous power to the pavement. Carbon/Suede Interior Package The Carbon/Suede Interior Package adds a more performance-focused atmosphere to the cabin with premium materials and distinctive trim. The Black interior complements the Pitch Black exterior perfectly, maintaining the dark, aggressive theme throughout the vehicle. Navigation & Technology Uconnect Infotainment System Large Touchscreen Display Factory Navigation Apple CarPlay Android Auto Bluetooth Connectivity SRT Performance Pages Digital Driver Information Display Performance Data Displays Rearview Camera Navigation & Travel Group harman/kardon Premium Audio This Redeye is equipped

with the desirable harman/kardon Audio Group, providing a premium sound system worthy of the rest of the vehicle. When you aren't listening to the supercharger and HEMI V8, the upgraded audio system provides a significantly more immersive cabin experience than the standard setup. Widebody Design The factory Widebody package gives the Charger its unmistakable stance with aggressively flared bodywork designed around the larger performance wheel and tire setup. Combined with the Pitch Black paint and Dual Carbon Stripes, this is an especially menacing configuration that looks every bit as serious as its performance numbers suggest. Additional Benefits Only 10,665 Miles Genuine SRT Hellcat Redeye Factory Widebody 797 Horsepower California Vehicle Carbon/Suede Interior Package harman/kardon Audio Group Navigation & Travel Group Dual Carbon Stripes State Inspected & Certified CarChief Vehicle Locating System Included OBD Monitoring & Diagnostics Trades Welcome Financing Available Nationwide Shipping Doorstep Delivery We complete over half of our sales out of state, and our team can assist customers nationwide with purchasing and transportation. Pricing Disclosure A \$1,295 dealer preparation package including the CarChief Vehicle Locating System will be added to the purchase price. This Charger carries a State Certified Rebuilt Title following previous driver-side damage. The vehicle has since been repaired and completed the required state inspection and certification process. Its title history is reflected in the price, creating a rare opportunity to purchase an extremely low-mileage 2021 Charger SRT Hellcat Redeye Widebody with only 10,665 miles, 797 horsepower, premium options, and California history at an attractive value compared with comparable clean-title examples.
