Dealer notes

2022 TOYOTA GR SUPRA 3.0 PREMIUM | TOMEI TITANIUM EXHAUST | VOLK RACING WHEELS | MST INTAKE | CARBON FIBER Topline Auto Group is proud to present this beautifully modified 2022 Toyota GR Supra 3.0 Premium, finished in stunning Absolute Zero White over a sophisticated Black leather interior. Combining iconic Japanese sports-car heritage with modern turbocharged performance and precision engineering, the fifth-generation GR Supra delivers an exhilarating driving experience with exceptional handling, unmistakable styling, and outstanding enthusiast appeal. Under the hood sits the highly acclaimed 3.0-liter B58 turbocharged inline-six producing 382 factory horsepower and 368 lb-ft of torque, paired with a lightning-fast 8-speed automatic transmission and rear-wheel drive. This particular example has been enhanced with a carefully selected collection of premium aftermarket components, including a Tomei Expreme Ti full exhaust system, MST Performance intake, upgraded downpipe, 19-inch Volk Racing wheels, and carbon fiber exterior accents. The Tomei Expreme Ti exhaust system provides a lightweight titanium exhaust configuration designed to enhance the B58 engine's distinctive soundtrack. Combined with an aftermarket downpipe and MST Performance intake, these modifications create a more aggressive and performance-focused driving experience. A set of 19-inch Volk Racing wheels, complemented by RAYS lug nuts, enhances the Supra's stance and adds a distinctive motorsport-inspired appearance. Under the hood, a Cusco Racing strut brace adds an additional performance-oriented chassis component. The exterior is further enhanced with an OEM carbon fiber trunk lid spoiler and carbon fiber side mirror covers, perfectly complementing the Supra's sculpted body lines and aggressive aerodynamic styling. A ceramic coating helps protect the Absolute Zero White finish while enhancing its gloss and appearance. Inside, the Black leather cabin with contrasting White stitching offers a sophisticated driver-focused environment with premium materials, supportive sport seating, and Toyota's modern infotainment technology. The 3.0 Premium trim adds desirable luxury and convenience features, including heated leather sport seats, a Head-Up Display, navigation, premium JBL audio, and advanced connectivity. With its powerful B58 turbocharged inline-six, desirable performance exhaust, premium forged-style motorsport wheel design, carbon fiber enhancements, and timeless White exterior, this Toyota GR Supra represents an exceptional combination of performance, style, and everyday usability.
