Dealer notes

This 2004 Dodge Viper SRT-10 Convertible Supercar is priced right and offered with full transparency, making it an excellent opportunity for an enthusiast buyer. While the car is not cosmetically perfect, an AutoCheck report shows it to be free of any accident history, and it has been properly serviced, safety inspected, and gone over on the rack. The sale will include four brand-new tires, as the current set is beginning to show age-related weather checking. The headlights exhibit typical fading and would benefit from a professional buff, and the surrounding weatherstrip trim shows some deterioration. The convertible top itself is in excellent condition and operates properly, and the leather and suede interior remains in good shape overall. The transmission shifts smoothly, the clutch feels strong, and the car comes with both keys and remote entry fobs, along with dark tinted windows. Previously owned by one of our long-term customers, this Viper has a clean, clear title in hand and can be shipped anywhere, with assistance available.
