Dealer notes

This car comes from an extremely thorough local owner who does not take shortcuts in anything he builds, and it shows throughout. It is a 1965 Chevrolet Malibu with a true SS body, upgraded with four-wheel disc brakes, staggered Rocket wheels measuring 17 inches up front and 18 inches in the rear, and a Flowmaster exhaust system. Power comes from a 355 ZZ4 engine with upgraded heads and cam, dyno-tested at 432 horsepower, paired with a 700R4 automatic transmission featuring a 3,000 RPM stall converter. Additional highlights include a 10-bolt rear end with Positraction and a 3.08 gear ratio, electric cooling fans with a 195-degree thermostat, and a professionally installed aftermarket radiator. The interior is fully custom and features a Grant steering wheel, tilt column, cruise control, and Vintage Air conditioning. Finished in its repainted original color, this Malibu is an outstanding driver and an attention-grabbing street machine that would be at home at virtually any local car show or cruise-in.
