Dealer notes

Upgrade your daily commute with this 2024 Nissan Leaf SV Plus, a fully electric hatchback that balances range, performance, and modern technology. Powered by a 160 kW electric motor and a 60 kWh lithium-ion battery, this model puts out an engaging 214 horsepower and 250 lb-ft of instant torque while delivering an EPA-estimated range of up to 212 miles on a full charge. As the top-tier SV Plus trim, this vehicle comes packed with advanced options designed for comfort and connectivity. The cabin features heated front seats, an 8-way power driver's seat with 2-way lumbar support, a leather-wrapped heated steering wheel, automatic climate control with a hybrid heater system, and a 60/40 split-folding rear bench for versatile cargo configurations. Tech highlights include an 8-inch NissanConnect touchscreen display featuring integrated Door-to-Door Navigation, Apple CarPlay, Android Auto, SiriusXM radio, a 6-speaker audio system, and NissanConnect EV & Services for smartphone connectivity. Driving confidence comes standard thanks to Nissan's ProPILOT Assist system, combining Intelligent Cruise Control with Steering Assist for highway driving. Parking and maneuvering are simplified with the Intelligent Around View 360-degree Monitor, Intelligent Blind Spot Intervention, Rear Cross Traffic Alert, Intelligent Lane Intervention, and the innovative e-Pedal one-pedal driving feature. The exterior is equipped with 17-inch alloy wheels, full LED headlights, LED daytime running lights, fog lights, heated power side mirrors, and a Quick Charge port for fast DC charging.
