Dealer notes

The 2020 Chevrolet Traverse LS is a spacious and versatile midsize SUV that combines strong V6 performance, comfortable driving manners, and excellent everyday practicality. Powered by a 3.6-liter V6 engine producing 310 horsepower and 266 lb-ft of torque, this Traverse delivers smooth acceleration and confident performance for commuting, highway driving, and family road trips. Paired with an automatic transmission and front-wheel drive, it offers a composed and easy-to-drive experience while returning an estimated 18 MPG in the city and 27 MPG on the highway. With only 64,865 miles, this Traverse stands out as a relatively low-mileage example with plenty of everyday usability left. The LS trim provides a clean and practical interior layout with generous room for passengers and cargo, making it a strong choice for families, commuters, or anyone needing extra space without moving into a full-size SUV. Its four-door design offers easy access and useful versatility, while the comfortable ride and strong V6 make it well suited for both daily driving and longer trips. Combining low mileage, strong performance, spacious interior room, and Chevrolet practicality, the 2020 Chevrolet Traverse LS is a well-rounded SUV ready for its next owner
