Dealer notes

If you are searching for the ultimate commercial workhorse to elevate your business operations, this 2021 Ram ProMaster Cargo Van 3500 High Roof 159" WB EXT is designed to deliver. Finished in a professional Bright White Clearcoat, this van offers a commanding presence on the road while serving as the perfect blank canvas for your company graphics or custom mobile workspace. With its high roof and extended body style, this vehicle is the premier choice for contractors, delivery professionals, and fleet operators requiring maximum cargo volume and effortless utility. At the heart of this capable van is a robust 3.6L 6 Cylinders engine, engineered to provide the reliable power and efficiency required for demanding daily routes and heavy payloads. The combination of the 159-inch wheelbase and the extended length (EXT) maximizes your cargo capacity, allowing you to transport large equipment, pallets, or custom shelving with ease. Its massive interior height ensures workers can comfortably stand fully upright inside the cargo area, significantly improving workflow efficiency and loading dynamics during busy workdays. Inside the cabin, the functional Black interior is designed to keep you comfortable and productive during long hours on the road, anchored by a driver 6-way adjustable lumbar seat. Navigating tight spaces and crowded job sites is made safe and simple with the integrated ParkSense rear park assist system, while the added cargo partition keeps the front cabin secure and quiet from shifting cargo. For added convenience on highway hauls, the vehicle features speed control, and the included Mopar trailer tow group ensures you have the extra towing capability to bring heavy equipment along, making this 2021 Ram ProMaster a complete, high-performance business solution.
