Dealer notes

Chevrolet Silverado K10 Squarebody Lifted 4x4 Short Bed. This truck is an extremely solid example of a classic Squarebody K10, featuring a rust-free undercarriage and a great-sounding 350 V8 built by Blueprint Engines. It is equipped with a properly functioning air conditioning system, power windows, power door locks, and a suspension lift kit, giving it an excellent stance. The truck sits on 35-inch Super Swamper Bogger tires mounted on 14-inch-wide chrome wheels, delivering the aggressive look these classic 4x4s are known for. Long-tube headers add to the V8 sound, while the functional four-wheel-drive system makes this K10 more than just a good-looking truck. The maroon exterior is complemented by a clean bed with a bed mat, along with a chrome rear step bumper. Inside, the interior is spotless, featuring exceptionally clean carpeting, oversized fitted floor mats, an updated stereo system, and LED lighting. This Squarebody runs, drives, and operates amazingly well for a classic short-bed K10, combining a solid foundation, desirable upgrades, and an unmistakable lifted stance. If you are looking for a clean, well-presented Squarebody with classic Chevrolet styling and serious character, this truck is worth a closer look. Price does not include \$0 processing fee
