Dealer notes

Some Jeeps are built for the show floor. Others are built for the trail. This 1976 CJ5 doesn't make you choose. The metallic green paint wears custom pinstriping and is driver-quality, so it looks sharp when washed, and you won't wince when it's covered in mud. The lightweight fiberglass body sits on 15" polished wheels wrapped in BFGoodrich All-Terrain T/As. Tilt the entire front end forward, and you'll find the legendary AMC/Jeep 401 CID V8. It's topped with an Edelbrock intake, carb, and air cleaner, with electronic ignition and long-tube headers feeding a dual exhaust. Power runs through a 4-speed manual and a floor-shift transfer case with 4-high, 2-high, and 4-low. Inside, vinyl bucket seats hold you in place off-road, and a tach and sport wheel sit up front. A full roll cage adds safety and rigidity without crowding the removable soft top. The hard work is already done! Take a look at the chassis, and you will see that this CJ5 is set up for seroius offroading. From show floor to dirt trail, this CJ5 is ready. 1976 Jeep CJ5 4x4: 401 V8, 4-Speed, Ready for Anything!
