Exterior colour: Black

Interior colour: Ivory

Body type: SUV

Fuel economy: — city / — highway MPG

Dealer: Supreme Motors, Costa Mesa, CA 92627

Dealer phone: 949-288-6898

Dealer notes

This two-owner 2007 Toyota Land Cruiser is an exceptionally well-preserved example showing just 128,000 miles—remarkably modest mileage for a vehicle renowned for its ability to cover several hundred thousand miles when properly maintained. Its attractive light tan interior complements the Land Cruiser's understated exterior and creates a warm, inviting cabin. Every feature and accessory has been inspected and operates as intended. The 2007 model is particularly desirable because it represents the final and most refined year of the legendary 100-Series Land Cruiser in the United States. It benefits from the mechanical improvements developed throughout the model's production run while retaining the manageable proportions, proven construction and understated appearance that have made the 100-Series increasingly sought after by enthusiasts. Power comes from Toyota's durable 4.7-liter i-Force V8, producing 275 horsepower and delivering abundant low-end torque through a smooth five-speed automatic transmission. A sophisticated full-time four-wheel-drive system, locking center differential and two-speed transfer case provide genuine all-terrain capability, while rugged body-on-frame construction and a durable solid rear axle reinforce the Land Cruiser's reputation for strength and longevity. Although engineered to perform in some of the world's most demanding environments, the Land Cruiser remains remarkably comfortable and refined on the road. Its spacious, leather-appointed cabin accommodates up to eight passengers, while the split rear tailgate and removable third-row seating provide exceptional versatility for passengers, cargo and recreational use. In preparation for sale, this Land Cruiser underwent an extensive mechanical and cosmetic reconditioning process designed to bring its servicing fully up to date and restore its overall presentation. Recent work includes: Comprehensive maintenance bringing scheduled service items up to date Suspension restoration to improve ride quality and road manners Professional reconditioning and redyeing of the light tan interior Paint correction and exterior restoration Professional wheel refinishing The result is a properly sorted and thoroughly refreshed Land Cruiser that drives with the solid, composed feel for which these vehicles are known and presents beautifully inside and out. Combining two-owner provenance, relatively modest mileage, comprehensive recent servicing and the enduring appeal of the final-year 100-Series, this 2007 Toyota Land Cruiser represents an increasingly difficult-to-find opportunity to own one of Toyota's most respected and capable vehicles. Shipping, Financing & Protection Plans Supreme Motors offers financing assistance for qualified buyers and regularly arranges nationwide vehicle transportation.
