Dealer notes

1992 Cadillac Allante with 61,277 miles***Clean Carfax Report with no accidents!!! The 1992 model year with the Recaro seats is the most desirable and collectible Allante to own. The unusual production arrangement between Italian body designer Pininfarina and US Based Cadillac resulted in a sport luxury car that was quite pricey coming in at close to \$60,000 in 1987 after the gas guzzler tax was paid. The bodies were shipped in specially equipped Boeing 747's, 56 at a time over the course of 7 years with production totaling 21,430 cars. They were sent from Italy to Detroit, MI where the drivetrains were fitted and finally assembly was finished. With bold styling and full of luxury features including the full command center, this is one of the most unique vehicles you can drive. This is a nice example finished in Black with Black leather interior. This Allante has been completely serviced with a remanufactured BOSCH brake master cylinder, as well we a new BOSE speakers amplifiers, CD player and rear power antenna all through Allante Source. This car is powered by the original 4.5L V8 engine paired with the automatic transmission. This is a an extra clean unit that is in near showroom condition!!!!No Surprises!! All original!!!!Please call or email for more details! (440) 951-8274
