Dealer notes

This 2024 Ram 1500 Big Horn Crew Cab 4x4 arrives with a clean CARFAX showing no accidents or damage reported, the kind of history that gives you real peace of mind in a full-size truck. Power comes from the proven 5.7L V8 HEMI eTorque engine matched to a smooth 8-speed automatic, a combination known for strong, effortless pulling power and a confident voice when you ask for it. With the electronic shift-on-demand transfer case, four-wheel drive is a button away, exactly what you want when Chicagoland winters turn the roads white. Inside, the Big Horn Level B Equipment Group makes this crew cab feel a class above. Heated front seats and a heated steering wheel take the sting out of cold mornings, the 8-way power driver seat with power lumbar finds your fit quickly, and the second-row in-floor storage bins keep gear tucked away while passengers stretch out in genuine back-seat comfort. Technology is where this truck shines. The Uconnect 5 system with a 12-inch touchscreen and navigation puts Apple CarPlay and Android Auto front and center, while nine amplified speakers with a subwoofer handle the soundtrack. Blind-spot detection, front and rear park-assist, a backup camera, and remote start make daily driving easier and safer. Come see it at Carlux in Waukegan, proudly serving Chicagoland, and schedule your test drive today.
