If you're looking for a seriously aggressive, lifted V8 pickup with off-road capability and modern technology, this 2025 Ford F-150 Tremor Crew Cab is exactly the kind of truck that stands out from the crowd. This isn't your average F-150 Tremor. It's been upgraded with a brand-new 6-inch suspension lift and 35-inch tires, giving it an impressive stance and the aggressive appearance that truck enthusiasts are looking for. Under the hood is Ford's proven 5.0L Coyote V8, producing 400 horsepower and 410 lb-ft of torque, paired with a 10-speed automatic transmission and 4WD. The Tremor already comes from the factory with specialized off-road equipment, but the addition of the 6-inch lift and 35-inch tires takes its appearance to another level. Finished in Blue with only 24,920 miles and backed by a Clean CARFAX with No Accidents, this Tremor offers the combination of V8 performance, custom styling, off-road capability, and everyday comfort. At \$59,987, you're getting a late-model, customized F-150 Tremor with the expensive lift and tire upgrades already installed.
