The 6.2L V8 and 10-speed automatic deliver the performance enthusiasts expect from an SS while still making the Camaro easy to enjoy during normal street driving. This example also has several desirable options that enhance the experience without taking away from the clean factory appearance. The dual-mode exhaust lets the V8's character come through, while the sunroof and staggered Carbon Flash wheels give the car a more premium look and feel. Riverside Blue Metallic is the finishing touch, giving the Camaro a bold color that highlights its aggressive body lines.
