Dealer notes

1996 Chevrolet 1500 OBS Lowered Custom Show Truck. If this truck doesn\'t give you the feeling of looking at the cover of Sport Truck Magazine, nothing will! And the best part is that this truck actually rides and drives exceptionally well. This custom build features a rear 4-link suspension with adjustable coilover shocks, staggered US Mags 20/22-inch wheels wrapped in like-new tires, hand-laid pinstriping, and a custom steel cowl-induction forward-folding hood. Under the hood is a Vortec V8 engine paired with a custom dual exhaust system. Additional features include custom leather door panels, a custom leather seat, an upgraded stereo system, and a rear roll pan. The bed has been finished with a beautiful hardwood floor, giving the truck an unmistakable show-quality appearance. The custom bed flooring and surrounding components can be removed if someone wanted to return the truck to a more traditional pickup bed configuration. One of the most impressive details is that the custom paintwork and pinstriping carry completely through the door jambs, demonstrating the incredible attention to detail throughout this build. It is crazy to think about the time, effort, and money that went into creating a truck like this, only to have the opportunity to purchase it for approximately what one of these trucks might bring in stock condition. This is a head-turning custom OBS that deserves to be seen in person. Be sure to watch our full, in-depth video on the Davis Drives YouTube channel for all the details!
