Dealer notes

1984 Chevrolet K30 Camper Special 4x4 Extra-Long-Bed Squarebody. Talk about rare! This California-owned big-block truck is one of the most unusual Squarebodies we have come across, featuring an extra-long 11-foot bed, a rear sleeper camper enclosure, a hideaway gooseneck hitch ball, and a Dana 60 front axle. This one-ton truck is equipped with six new tires, chrome steel wheels, factory air conditioning, a 454 big-block engine, power steering, power brakes, and dual batteries. This is one crazy, incredibly solid truck! We have not applied any undercarriage spray or undercoating, nor have we cleaned the underside. What you see is an authentic West Coast California survivor that we shipped straight from California. This is one incredible and unusual vehicle, with endless possibilities for its next owner. It has taken everything in us not to modify it, install a lift, or change its original character. However, for those looking to take it in a different direction, the possibilities are endless!
