Dealer notes

Here is a clean 1949 F-7 Ford "Big Job" Semi Truck with a 1945 Fruehauf trailer. This F-7 is finished in Red outside and inside with a tan vinyl bench seat. It is a beautifully restored truck that recently came from an extensive truck collection and runs and drives very well. It shows 11K on the odometer, but there is no documentation to determine if the mileage is actual. The paint has a good luster with only a couple of minor flaws. It measures out to a 148" wheelbase and 80" width. Power this big red truck is a Ford 337 CID Flathead V8 rated at 145 HP and paired with a correct 5-speed manual transmission. The body and frame are in great shape. It still has the 6-volt system, and everything electrical works well. Inside, the interior looks fantastic! The seat is in excellent shape, as are all the gauges. The 1945 Fruehauf Warehousemen's Van Trailer has been restored, and the woodwork inside is just beautiful. The trailer measures approximately 27 feet and 8 inches. The trailer has its own title and only comes with the Ford F-7. There is a modern trailer brake controller for added safety on the road. This Ford F-7 and Fruehauf Warehousemen's trailer is a piece of trucker history that is a must-see and must-own. Feel free to ask us for more details.
