Dealer notes

2004 Hummer H2 — Pewter Metallic, 2-Owner, Fully Loaded, LOW Miles with Clean Carfax-Clean Autocheck \$10,500 in Factory Options | 90,136 Miles | VIN 5GRGN23U24H119426 Rare opportunity to own a genuinely well-cared-for, first-generation Hummer H2 — the collectible that's only getting harder to find in this condition. This isn't a truck that got beat up off-road and flipped; it's a two-owner example with a documented paper trail from day one. Why This One Stands Out Clean Carfax, Clean Autocheck, no exceptions — zero accidents, zero structural damage, zero airbag deployments, zero total-loss history, and no indication of odometer rollback Only 2 owners since new — original personal lease owner (2004–2009), then a single long-term owner for the next 17 years Low, verified mileage — averaged just 4,300–4,700 miles per year across its life, well under the industry norm 23 documented service records on file, including recent major maintenance: water pump, thermostat, and throttle body all replaced, plus instrument cluster service and routine maintenance current through 2025 They felt good then ! Guess what- they still feel that good now ! 22 years later ! Factory Equipment (Original Window Sticker) 6.0L V8 with 4-speed heavy-duty automatic transmission, 4.10 rear axle, driver-selectable locking rear differential Preferred Equipment Group with leather seating surfaces, heated/power memory driver mirror Air suspension package (5-link) for a smoother ride and load leveling Power tilt/slide sunroof with wind deflector ETR AM/FM/CD/cassette stereo with integrated DVD navigation and Bose 9-speaker premium sound OnStar-equipped with remote keyless entry, HomeLink, and power everything Chrome Appearance Package, chrome grille, wrap-around brush guard, off-road spot lamps Tubular chrome assist steps, tubular taillamp protection, full skid plate/underbody protection Third-row folding bench seat, removable black rubberized floor mats, roof rack provisions 17" aluminum wheels on all-terrain LT315/70R17 tires, full-size matching spare Pewter Metallic exterior over Wheat leather interior — one of the most desirable H2 color combinations The Bottom Line H2s like this — clean title, single long-term owner, factory-loaded, and mechanically sorted — are becoming genuinely scarce as values on early Hummers climb. This one is ready to drive, show, or add to a collection with confidence, backed by a full history report available for review.
