Dealer notes

The 2018 Honda Civic Hatchback EX arrives with a documented service history and a prior certified pre-owned background, meaning it already cleared Honda's own rigorous inspection before it ever reached our lot. The 1.5L turbocharged DOHC engine delivers the kind of eager, punchy power that flips the usual hatchback script, giving you real performance alongside genuinely impressive efficiency, and the liftgate rear cargo access turns this into the rare car that drives like you want it to and still swallows a full grocery run or a weekend bag without complaint. White Orchid Pearl over a beige interior is a combination that photographs beautifully and still looks fresh years later, and the sliding glass sunroof with sunshade adds a touch that most cars in this class simply don't offer. Slide into the cabin and the EX trim proves Honda didn't cut corners to hit this price point. Dual-zone automatic climate control, an 8-speaker audio system, a 6-way driver seat, heated power side mirrors, and front fog lamps make daily driving feel considered rather than basic. HD Radio, satellite radio, smart device integration, and a 60/40 folding rear seat round out a cabin built around real flexibility, whether that means a longer commute or a spontaneous road trip. The fully galvanized steel body and heated wiper park with defroster show Honda's attention to the details that matter through an actual Illinois winter, not just the ones that look good on a spec sheet. Honda's turbocharged Civic platform has built one of the strongest reliability reputations in its class, and a prior-CPO hatchback with documented service and this kind of fuel efficiency is the kind of low-risk purchase that buyers who have done their research move on quickly. The combination of turbo performance, hatchback practicality, and Honda's long-term durability at this mileage is a genuinely smart find. Come see it at Carlux in Waukegan and discover what makes this Civic different from every other compact on the market across Chicagoland.
