Dealer notes

Zoom Classic Cars is pleased to present this beautifully built 1957 Chevrolet 150 2-Door Sedan Restomod. Combining iconic Tri-Five Chevrolet styling with modern performance, upgraded handling and contemporary comfort, this is a very attractive example of a classic American sedan that has been thoughtfully transformed into a thoroughly enjoyable driver. The 150 was Chevrolet\'s entry-level passenger car series, positioned below the Two-Ten and Bel Air. Unlike its more heavily ornamented siblings, the 150 featured simpler exterior trim and a more understated appearance. That straightforward styling and lighter presentation have made the two-door sedan an increasingly popular foundation for custom builds, street machines and performance-oriented restomods. Originally a Florida car, this Chevrolet received a comprehensive frame-off restoration completed in 2024 and has been driven approximately 1,200 miles since completion. The quality of the build is evident throughout, from its beautifully finished Silver and White exterior to the extensively detailed engine compartment and exceptionally clean undercarriage.Under the hood is an impressive 383 CID Small-Block Chevrolet Stroker V8, featuring extensive chrome detailing and beautifully presented in an immaculate engine compartment. The engine installation combines traditional Chevrolet small-block performance with modern supporting components and upgrades.Engine compartment highlights include: Renew Performance valve covers, Chrome 383 Stroker air cleaner, Chrome air conditioning compressor, Chrome alternator, Griffin aluminum radiator, SPAL electric cooling fan, American Autowire upgraded wiring system, HEI electronic ignition distributor and additional polished and performance components.Power is delivered through a 350 Turbo automatic transmission and Positraction rear differential, providing a desirable combination of strong V8 performance and comfortable cruising capability. The car also benefits from a comprehensive chassis and braking upgrade, including: Four-wheel drilled and slotted disc brakes, LEED electric vacuum pump kit, New shocks at all four corners, Front coil-over suspension, Dual exhaust system with Xlerator mufflers, Custom chrome exhaust tips exiting at the rear and battery/ignition kill switch.The body received a comprehensive restoration in 2024, with all body panels presenting as solid and exhibiting excellent fit and alignment. Finished in an attractive Silver and White two-tone paint scheme, the car looks fantastic and retains the unmistakable styling that made the 1957 Chevrolet one of America\'s most recognizable automobiles. The interior features an attractive Black and White color combination and presents in excellent condition. The cabin combines classic Chevrolet styling with a number of tasteful upgrades, making this car equally enjoyable for local cruising or longer highway trips.Interior features include Black and White upholstery, Beautifully finished headliner, Bosch instrumentation and gauges, Custom Chevrolet steering wheel, Aftermarket AutoMeter tachometer mounted at the steering wheel, Additional under-dash amp gauge, New AM/FM radio with USB connectivity with Kenwood speakers, Custom cup holders and a Gen 5

Vintage Air climate control system, recently installed by the current owner. The addition of the Gen 5 Vintage Air system is a particularly welcome upgrade, providing modern climate-control convenience while retaining the classic character of the original interior. The paint is in overall excellent condition, with a few minor imperfections as shown in the photographs. All exterior chrome, badging and polished stainless-steel trim is new or has been renewed, giving the car a crisp, finished appearance. Additional exterior features include: 383 Stroker identification badging on the rear fins, New factory-style tinted glass, Electric windshield wipers, Newer American Racing aluminum wheels, Staggered BFGoodrich Radial T/A tires with P215/65R15s in the Front & P245/50R15s in the rear. The classic American Racing wheel and tire combination gives this Chevrolet an excellent stance while maintaining a traditional 1957 street-machine appearance. The trunk compartment is exceptionally clean and solid, featuring a finished trunk rubber mat, full-size spare tire with cover and factory jack equipment. The undercarriage is equally impressive, presenting clean and solid following the frame-off restoration. It has been undercoated and features the upgraded suspension, new shocks and front coil-over setup. The dual Xlerator exhaust system exits through custom chrome tips at the rear and produces a great-sounding V8 exhaust note. Car is stored in FL and comes with clean title in the owner’s name. This is a well-built Chevrolet that offers much more than just good looks. If you\'re looking for a beautifully executed Tri-Five Chevrolet that combines timeless 1957 styling with modern performance and drivability, this 1957 Chevrolet 150 deserves your consideration.The car runs, drives and handles very well, and with only about 1200 miles since restoration, it is ready for its next enthusiast to enjoy.
