STATE CERTIFIED REBUILT TITLE – ONLY 15,467 MILES – 707HP SUPERCHARGED HEMI – SRT HELLCAT – WASHINGTON VEHICLE – 2016 Dodge Challenger SRT Hellcat Unleash one of the most legendary modern American muscle cars ever produced with this absolutely stunning 2016 Dodge Challenger SRT Hellcat, finished in aggressive TorRed Clearcoat with Dual Carbon Stripes over a premium Black Laguna leather performance interior. With an incredibly low 15,467 original miles, this Hellcat is a rare opportunity to own a lightly driven example of Dodge's supercharged performance icon. Under the hood is the heart of the beast—the legendary 6.2L Supercharged HEMI V8 producing 707 horsepower, paired with the heavy-duty 8-speed HP90 automatic transmission. Add the upgraded air intake, massive performance brakes, SRT-tuned suspension, and rear-wheel-drive architecture, and you have a machine that delivers the unmistakable acceleration, sound, and personality that made the original Hellcat an instant automotive legend. The vehicle has since been professionally repaired and restored, and it looks and drives like new. Even more importantly for a performance vehicle like this, it has only 15,467 miles and comes with a great service record.
