Dealer notes

Step back into an era when automobiles were designed with character, elegance, and unmistakable style. This 1939 Chevrolet Master 85 is a beautiful example, finished in a deep black exterior that perfectly complements its sweeping pre-war body lines, extensive chrome trim, and distinctive period styling. The front end is one of the defining features of the 1939 Chevrolet. Its dramatic diamond-crown grille design creates the famous "smiling" appearance that gives these cars so much personality. From its beautifully rounded fenders and prominent headlights to the gleaming chrome bumper and trim, this Chevrolet represents American automotive sophistication at its finest. Under the hood is Chevrolet\'s legendary inline six-cylinder engine, producing approximately 85 horsepower. Built during an era when simplicity and dependability were paramount, the inline-six provides the authentic driving experience expected from a Chevrolet of this period. Adding tremendously to the car\'s vintage presentation are authentic 1939 license plates, with a matching period plate displayed at both the front and rear. The classic appearance is completed by beautiful whitewall tires, creating an elegant contrast against the black exterior. The interior is equally impressive and has been exceptionally well presented. One of its most fascinating period details is the beautiful banjo-style steering wheel, an iconic feature that immediately transports you back to the late 1930s. Even more interesting is its unusual dual horn functionality, allowing the driver to select between two horn sounds--including a distinctive function intended for situations such as cattle crossings. It\'s exactly the type of charming automotive detail that makes a pre-war automobile so much fun to own and share. From its unmistakable smiling grille to its whitewalls, period plates, beautiful interior, and classic inline-six powerplant, this 1939 Chevrolet Master 85 is much more than an automobile--it is a rolling representation of an extraordinary period in American automotive history. For the collector searching for authenticity, sophistication, and undeniable pre-war presence, this Chevrolet deserves serious consideration. Offered for sale -- call 336-736-8855 for additional information. Price does not include $150.00 processing fee
