Dealer notes

Slip into this Blue 2020 GMC Terrain and you'll see why this AWD SUV is such an easy pick for everyday life and weekend escapes. The 2.0L turbocharged 4-cylinder brings lively response, and with driver shift controls and an electronic, button-and-trigger style shifter, you can keep things smooth in traffic or more engaged on your favorite back road. The stop-start system helps make the most of every gallon of gasoline (including E15 capability), while the 3.47 final drive ratio keeps the power feeling ready when you need it. Inside, it's built for real people and real schedules: heated front seats, dual-zone automatic climate control, and a leather-wrapped steering wheel with audio and phone controls make commutes feel more like a break. The cabin stays impressively calm thanks to active noise cancellation and an acoustic laminated windshield, and everyone gets to plug in with multiple USB ports plus a 110-volt outlet. On the outside, signature lighting adds style day or night, deep-tinted rear glass adds privacy, and roof side rails are ready for extra gear. With a HD rear vision camera, following distance indicator, StabiliTrak traction and stability control, and hill descent control, its confidence you can feel. Bonus: a CARFAX report is available for extra peace of mind. At Montage Motors LLC quality is never compromised we only sell hand picked high quality used cars trucks & SUV's. For our customer's peace of mind we offer: A Free Carfax Vehicle Report available o
